

SlimLine[®] SERIES

If it's not a Versa-Gard, it's just a sneezeguard.

We were founded on the belief that in order to attain the highest level of customer satisfaction, it is imperative to maintain strong relationships with our clients. Our attention to the smallest detail is generated by our commitment to our clients. We help businesses achieve success by treating our customers as partners.

Our attention to the
smallest detail is generated by our
COMMITMENT
to our clients.

VGS3-DS

DOUBLE-SIDED ADJUSTABLE FOOD PROTECTOR

VGS3-SK

ADJUSTABLE SELF-SERVICE FOOD PROTECTOR

With **17** issued patents for its CONVERTIBLE and MODULAR food protectors, and multiple patents pending, it is **OUR MISSION** to provide

UNRIVALED TECHNOLOGY & UNPRECEDENTED DESIGN

all while maintaining a product line designed, assembled, and finished in the USA.

Distinctive Features

- Sleek, clean profile 3/4" diameter solid rod supports and CNC machined hardware
- Products are protected by 17 US Patents and other pending applications
- The versatility of the product line makes client-specific customization possible
- Modularity of the precision machined hardware permits multiple service applications to share supports and present one, fluid serving line
- Mounting options are the most comprehensive in the industry for different surfaces/materials
- Interchangeable mounting hardware can readily be adapted on-site
- Interchangeable glass mounting brackets make on-site unit modification simple
- Modular design allows for changing of unit style without removal of mounted framework
- Multiple options, including intermediate shelving, side panels, lighting, and food warmers are available
